As certified by Kirtane & Pandit LLP, Chartered Accountants, our Statutory Auditors, by way of their certificate dated December 10, 2025. For further details, see “Summary of the Offer Document – Average cost of acquisition of Equity Shares by our Promoters and the Promoter Selling Shareholders” on page 26. #
As adjusted for Split of Equity Shares and Bonus Issue.

RISKS IN RELATION TO THE FIRST OFFER

This being the first public offering of equity shares of our Company, there has been no formal market for the Equity Shares. The face value of the Equity Shares is ■5 each. The Floor Price, Kenneth Hickman and Offer Price (as determined by our Company, in consultation with the Book Running Lead Managers, in accordance with the SEBI ICDR Regulations) and on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as stated under “Basis for the Offer Price” on page 124, should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active an d/or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in equity and equity-related securities involve a degree of risk and Bidders should not invest any funds in the Offer unless they can afford to take the risk of losing their entire investment. Bidders are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, Bidders must rely on their own examination of our Company and the Offer, including the risks involved. The Equity Shares offered in the Offer have not been recommended or approved by the Securities and Exchange Board of

India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of the contents of this Red Herring Prospectus. Specific attention of

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Red Herring Prospectus contains all information with regard to our Company and the Offer, which is material in the context of the Offer, that the information contained in this Red Herring Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Red Herring Prospectus as a whole or any of such information or the expression of any such opinions or intentions misleading in any material respect. Each of the Promoter Selling Shareholders, severally and not jointly, accepts responsibility for and confirms the statements specifically made or confirmed by them in this Red Herring Prospectus solely to the extent of information specifically pertaining to themselves and the Equity Shares offered by them in the Offer for Sale and assumes responsibility that such statements are true and correct in all material respects and are not misleading in any material respect. Each of the Promoter Selling Shareholders, severally and not jointly, assumes no responsibility for any other statements, including, inter alia, any and all of the statements made by or relating to our Company or its business or any other Promoter Selling Shareholder or any other person, in this Red Herring Prospectus.

LISTING

The Equity Shares offered through this Red Herring Prospectus are proposed to be listed on the BSE Limited (“BSE”) and National Stock Exchange of India Limited (“NSE”, together with BSE, the “Stock Exchanges”). For the purposes of the Offer, the Designated Stock Exchange is BSE.

Financial Data

Our Company’s financial year commences on April 1 of the immediately preceding calendar year and ends on March 31 of that particular calendar year and accordingly, all references to a particular financial year or fiscal are to the 12-month period commencing on April 1 of the immediately preceding calendar year and ending on March 31 of that particular calendar year.

Unless the context requires otherwise, all references to a year in this Red Herring Prospectus are to a calendar year and references to a Fiscal/Fiscal Year are to the year ended on March 31, of that calendar year. Certain other financial information pertaining to our Group Companies are derived from their respective audited financial statements.

Unless indicated otherwise or the context requires otherwise, the financial information and financial ratios in this Red Herring Prospectus have been derived from the Restated Financial Statements. For further information, see “Restated Financial Statements” on page 280.

The restated financial information of our Company comprising the restated statements of assets and liabilities as on and for the three months period ended June 30, 2025 and for the years ended March 31, 2025, March 31, 2024 and March 31, 2023, the restated statements of profit and loss (including other comprehensive income), the restated statements of cash flow, the restated statements of changes in equity, the summary of material accounting policies and other explanatory information and other financial information, including the annexures, notes and schedules thereto, for the three-months period ended June 30, 2025, and for the years ended March 31, 2025, March 31, 2024 and March 31, 2023 Fiscals 2025, 2024 and 2023, prepared in terms of the requirements of Section 26 of Part I of Chapter III of the Companies Act, SEBI ICDR Regulations, the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by ICAI, as amended from time to time and the Indian Accounting Standards as specified under Section 133 of the Act and other accounting principles generally accepted in India.

There are significant differences between Ind AS, Indian GAAP, US GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or US GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our Company’s financial data. For details in connection with risks involving differences between Ind AS, U.S. GAAP and IFRS, see “Risk Factors – Significant differences exist between Indian accounting standard (“Ind AS”) and other accounting principles, such as international

Non-GAAP Financial Measures

Certain measures included in this Red Herring Prospectus, for instance EBITDA, EBITDA Margin, Net Debt, Return on Capital Employed, Return on Equity, and other non- GAAP measures (the “Non-GAAP Measures’’), presented in this Red Herring Prospectus are supplemental measures of our performance and liquidity that are not required by, or presented in accordance with Ind AS, IFRS or US GAAP. Furthermore, these Non-GAAP Measures are not a measurement of our financial performance or liquidity under Indian GAAP, IFRS or US GAAP and should not be considered as an alternative to net profit/loss, revenue from operations or any other performance measures derived in accordance with Ind AS, IFRS or US GAAP or as an alternative to cash flow from operations or as a measure of our liquidity. Further, these Non-GAAP Measures and other statistical and other information relating to operations and financial performance should not be considered in isolation or construed as an alternative to cash flows, profit/ (loss) for the years/ period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, IFRS or US GAAP. In addition, these Non-GAAP Measures and other statistical and other information relating to operations and financial performance, are not standardised terms and may not be computed on the basis of any standard methodology that is applicable across the industry and therefore, may not be comparable to financial measures of similar nomenclature that may be computed and presented by other companies and are not measures of operating performance or liquidity defined by Ind AS and may not be comparable to similarly titled measures presented by other companies. Further, they may have limited utility as a comparative measure. Although such Non-GAAP financial measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company’s management believes that they are useful to an investor in evaluating us as they are widely used measures to evaluate a company’s operating performance. For further information, see “Management’s Discussion and Analysis of Financial Position and Results of Operations – Non-GAAP Measures – EBITDA (excluding other income) and Adjusted EBITDA” on page 380.

Industry and Market Data

Unless stated otherwise, industry and market data used in this Red Herring Prospectus has been obtained or derived from the report titled “Industry Research Report on Magnet Winding Wires Market in India” dated November 26, 2025 (“CARE Report”), prepared by CARE Analytics and Advisory Private Limited (“CareEdge Research”), which has been prepared exclusively for the purpose of understanding the industry in connection with the Offer and commissioned and paid for by our Company, pursuant to the engagement letter dated December 2, 2024. The CARE Report is available on the website of our Company at the following weblink: https://kshinternational.com/investor-relations/industry-report/. Further, CareEdge Research, pursuant to their consent letter dated November 26, 2025 (“Letter”) has accorded their no objection and consent to use the CARE Report. CareEdge Research, pursuant to their Letter, has also confirmed that it is an independent agency and has no conflict of interest issuing the CARE Report, and confirmed that it is not related, either directly or indirectly, to our Company, our Directors, our Promoters (including the Promoter Selling Shareholders), our Key Managerial Personnel, our Senior Management, our Group Companies or the Book Running Lead Managers.

FORWARD-LOOKING STATEMENTS

This Red Herring Prospectus contains certain statements which are not statements of historical fact and may be described as "forward-looking statements". These forward-looking statements include statements which can generally be identified by words or phrases such as "aim", "anticipate", "are likely", "believe", "continue", "can", "could", "expect", "estimate", "intend", "may", "likely", "objective", "plan", "project", "propose", "will continue", "seek to", "shall", "should", "will achieve", "will likely", "will pursue" or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements. All statements regarding our expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our business strategy, plans, revenue, and profitability (including, without limitation, any financial or operating projections or forecasts) and other matters discussed in this Red Herring Prospectus that are not historical facts. However, these are not the exclusive means of identifying forward-looking statements.

These forward-looking statements are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements. All forward-looking statements are subject to risks, uncertainties, and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. This may be due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industries we cater and our ability to respond to them, our ability to successfully implement our strategies, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India and globally, which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes, changes in competition in our industry and incidence of any natural calamities and/or acts of violence.

Certain important factors that could cause actual results to differ materially from our expectations include, but are not lim ited to, the following:

- Reliance on our key customers;
- Reliance on our key suppliers;
- Price and availability of primary raw materials i.e. copper and aluminium, and insulating materials such as enamel and paper;
- Reliance on the power sector (generation, transmission and distribution) industry;
- Reliance on the sale of our key product segment i.e., specialized magnet winding wires;
- Delay in or inability of the vendors to provide the equipment in a timely manner in relation to the capital expenditure to be incurred for certain of our proposed objects of the Offer;
- Any unscheduled, unplanned or prolonged disruption, slowdown or shutdown of our manufacturing facilities;
- Any delays or cost overruns in the completion of the construction of the Supa Facility;
- Product defect issues or failure by us or our raw materials suppliers to comply with the strict quality standards and requirements applicable to our business operations; and
- Reliance on exports and any change in law, regulations and policies of foreign jurisdictions where we sell our products or plan to sell our products.

For further details of factors that could cause our actual results to differ from the

In accordance with the SEBI ICDR Regulations, our Company will ensure that investors in India are informed of material developments pertaining to our Company from the date of this Red Herring Prospectus until the time of the grant of listing and trading permissions by the Stock Exchanges for the Offer. In accordance with the requirements of the SEBI and as prescribed under the applicable law, our Promoter Selling Shareholders, in respect of statements made by them in this Red Herring Prospectus, severally and not jointly, shall ensure (through our Company and the Book Running Lead Managers) that the Bidders are informed of material developments in relation to statements specifically confirmed or undertaken by them in this Red Herring Prospectus and the Prospectus until the time of the grant of listing and trading permission by the Stock Exchanges for the Offer, with respect to their Offered Shares. Only the statements and undertakings which are specifically confirmed or undertaken by each of the Promoter Selling Shareholders about or in relation to themselves as Promoter Selling Shareholders and their respective portion of the Offered Shares, in this Red Herring Prospectus shall be deemed to be statements and undertakings made by such Promoter Selling Shareholder.

SUMMARY OF THE OFFER DOCUMENT

This section is a general summary of certain disclosures included in this Red Herring Prospectus and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Red Herring Prospectus or all details relevant to prospective investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Red Herring Prospectus, including the sections “Risk Factors”, “Our Business”, “Industry Overview”, “Capital Structure”, “The Offer”, “Restated Financial Statements”, “Objects of the Offer”, “Management’s Discussion and Analysis of Financial Position and Results of Operations” and “Outstanding Litigation and Material Developments” on pages 28, 211, 137, 84, 67, 280, 106, 356, 388, respectively of this Red Herring Prospectus.

Specific attention of Bidders is invited to the section “Risk Factors” on page 28.
Bidders are advised to read the risk factors
carefully before taking an investment decision in the Offer. Set forth below are the top
10 risk factors applicable to our
Company:

S.
No.
Description of Risk
1. We depend on certain customers for a significant portion of our revenue from
operations. Our top 10 customers contributed
to 53.97%, 52.54%, 57.10% and 58.99% of our revenue from operations for the three-month
period ended June 30, 2025, and
Fiscals 2025, 2024 and 2023, respectively. Any decrease in demand from such customers,
the loss of such customers or our
inability to diversify our customer base could have an adverse effect on our business,
results of operations, financial
condition and cash
flows.
2. Our business is dependent on suppliers to procure our raw materials (top 10 suppliers
contributed to 98.91%, 98.45%, 96.93%
and 98.58% of our total cost of raw materials and components purchased for the
three-month period ended June 30, 2025, and
Fiscals 2025, 2024, and 2023, respectively). We have not entered into long-term
agreements with these suppliers, and any
loss
of suppliers or interruptions in the timely delivery of raw materials or volatility in
their prices could have an adverse impact
on our business, financial condition, cash flows and results of operations.
3. Any shortfall in the supply or availability of raw materials including aluminium or
copper, which are our primary raw materials
(and copper also being our principal raw material), or insulating materials, such as
enamel and paper, or an increase in our
such material costs, or other input costs, may adversely affect the pricing and supply of
our products and have an adverse effect
on our
business, results of operations and financial condition.
4. A significant portion of our revenue from operations i.e. 71.73%, 74.79%, 75.17% and
79.08% of our operating revenue for
the three-month period ended June 30, 2025 and Fiscals 2025, 2024 and 2023, respectively
is attributable to the power sector
(generation, transmission and distribution) industry (“Power Sector”). Any economic
cyclicality coupled with reduced
demand or negative trend in the Power Sector industry or other industries that we operate
in, could adversely affect our
business, results
of operations and financial condition.
5. We derive a substantial portion of our revenue (more than 70% in each of the
three-month period ended June 30, 2025,
and
Fiscals 2025, 2024 and 2023) from the sale of specialized magnet winding wires. Any
reduction in demand for our key
products would have a material adverse effect on our business, financial condition,
results of operations and cash flows.
6. We have not yet placed orders in relation to the capital expenditure to be incurred
for certain of our proposed objects of the
Offer. In the event of any delay in placing the orders, or in the event the vendors are
not able to provide the requisite
equipment in a
timely manner, or at all, the same may result in time and cost over-runs.
7. Our operations are significantly dependent on our manufacturing facilities. Any
unscheduled, unplanned or prolonged
disruption, slowdown or shutdown of our manufacturing facilities could have a material

Our Company has not applied for or received any exemption by SEBI from complying with any provisions of securities laws including the SEBI ICDR Regulations, as on the date of this Red Herring Prospectus.

SECTION II: RISK FACTORS

An investment in equity shares involves a high degree of risk. Prospective investors should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in our Equity Shares. The risks described in this section are those that we consider to be the most significant to our business, results of operations and financial condition as of the date of this Red Herring Prospectus. The risks described below may not be exhaustive or the only ones relevant to us, the Equity Shares or the industry segments in which we currently operate. Additional risks and uncertainties, not presently known to us or that we currently do not deem material may arise or may become material in the future. If any or a combination of the following risks, or other risks that are not currently known or are not currently deemed material, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the trading price of our Equity Shares could decline, and investors may lose all or part of their investment. The risk factors have been presented below on the basis of their materiality. Furthermore, some events may be material collectively rather than individually. Some events may not be material at present but may have a material impact in the future. In making an investment decision, prospective investors must rely on their own examination of us and our business and the terms of the Offer, including the merits and risks involved. Potential investors should consult their tax, financial and legal advisors about the particular consequences of purchasing our Equity Shares.

In order to obtain a complete understanding of our Company and our business, prospective investors should read this section in conjunction with “Industry Overview”, “Our Business”, “Key Regulations and Policies in India”, “Restated Financial Statements”, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Outstanding Litigation and Material Developments” on pages 137, 211, 238, 280, 356 and 388, respectively, as well as the other financial and statistical information contained in this Red Herring Prospectus.

This Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates, uncertainties and other factors, many of which are beyond our control. Our actual results could differ from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Red Herring Prospectus. For more details, see “Forward-Looking Statements” on page 18.

Unless otherwise stated, or unless the context otherwise requires, the financial information of our Company used in this section has been derived from our Restated Financial Statements included in this Red Herring Prospectus on page 280. Our financial year ends on March 31 of each year. Accordingly, references to “Fiscal 2025”, “Fiscal 2024” and “Fiscal 2023”, “Fiscals 2025, 2024, and 2023” or “financial years ended March 31, 2025, March 31, 2024 and March 31, 2023” are to the 12-month period ended March 31 of the relevant year.

We have also included various financial and operational performance indicators in this Red Herring Prospectus, some of which have not been derived from the Restated Financial Statements. The manner of calculation and presentation of some of these financial and operational performance indicators, and the assumptions and estimates used in such calculations, may vary from those used by other companies in India and other jurisdictions.

Unless stated otherwise, industry and market data used in this section has been obtained or derived from the report titled “Industry Research Report on Magnet Winding Wires Market in India” dated November 26,

Note: Our top 10 customers include Al-Ahleia Switchgear Co., Bharat Julie Scott; CG Power and Industrial Solutions Limited; Emirates Transformer & Switchgear Limited; Georgia Transformer Corporation; John Wilson; Transformers & Rectifiers (India) Limited; and Virginia Transformer Corporation. Names of other customers who form part of our top 10 customers during the periods/ Fiscals included above, have not been included in this Red Herring Prospectus due to non-receipt of consent from such customers to be named in the Offer Documents.

We had 122, 117 and 117 customers during the financial years ended March 31, 2025, March 31, 2024, and March 31, 2023, respectively. Further, during the three-month period ended June 30, 2025, we invoiced 93 customers. Since a significant portion of our revenue from operations is derived from certain key customers with long-standing, the loss of one or more of such customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business and results of operations, financial condition and cash flows. Of our top 10 customers based on revenue contribution for the financial year ended March 31, 2025, 5 of our customers have been customers for 10 years

6417 Kaitlyn Center Suite 310

business from them, or that we will be able to significantly reduce customers concentration in the future. The loss of
business from any of these customers due to any reason could adversely affect our business, results of operations,
financial condition and cash flows.

2. Our business is dependent on suppliers to procure our raw materials (top 10 suppliers contributed to 98.91%,
98.45%, 96.93% and 98.58% of our total cost of raw materials and components purchased for the three-month
period ended June 30, 2025, and Fiscals 2025, 2024, and 2023, respectively). We have not entered into long-term
agreements with these suppliers, and any loss of suppliers or interruptions in the timely delivery of raw materials or
volatility in their prices could have an adverse impact on our business, financial condition, cash flows and results
of operations.

*These suppliers represent the top 10 suppliers for each of the respective period/ Fiscals and may not necessarily be the same suppliers across the period/ Fiscals.

Note: Our top 10 suppliers include Ahlstrom Sweden AB; Cindus Corporation; Elantas Beck India Limited; Hindalco Industries Limited; Polycom Associates; Savli Copper Products Private Limited; Union Copper Rod LLC; and Vedanta Limited Sterlite Copper. Names of other suppliers have not been included in this Red Herring Prospectus due to non-receipt of consent from such suppliers to be named in the Offer Documents.

We purchase our raw materials from third-party suppliers on the basis of purchase orders and do not typically enter into any long-term agreements. We procure our main raw material i.e. copper in back-to-back arrangement with suppliers against confirmed bookings, i.e., the customer prices the copper with our Company and our Company does the same with its suppliers. While we procure raw materials from our suppliers once they confirm the receipt of our purchase orders, in the absence of long-term contracts, our suppliers may not be obligated to supply their products to us and/or may choose to sell their products to our competitors. While we have a large network of long-term suppliers, we purchase copper and aluminium, which are our primary raw materials (and copper also being our principal raw material), from a limited number of suppliers. While there have been no instances of termination of our relationship with our suppliers which had impacted our supply in the three-month period ended June 30, 2025, and the Fiscals 2025, 2024 and 2023, there can be no assurance that a particular supplier will continue to supply us with raw materials in the future. Further, we cannot assure that we will be able to enter into new or renew our existing arrangements with suppliers on terms acceptable to us, which could have an adverse effect on our ability to source materials in a commercially viable and timely manner, if at all, which may impact our business and profitability.

We conduct quality checks before onboarding suppliers for certain of our raw materials including metal and paper.

Further, there are a limited number of qualified suppliers of insulating materials such as enamel and paper due to criticality to maintain process composition, which further restricts the number of suppliers we can source such materials from. Due to limitations in the availability of suppliers, we are also susceptible to the pricing-power risk of our suppliers controlling the pricing of our raw materials. While we do not rely on any single supplier for the other raw materials and components required for our operations, if any of our suppliers does not supply raw materials on a timely basis or at reasonable prices, we may be unable to manufacture products for our customers or may be unable to ensure the timely delivery of the same. Any discontinuation of production by these suppliers or a failure of these suppliers to adhere to the delivery schedule or the required quality and quantity could hamper our manufacturing schedule and lead to the under-utilization of our manufacturing facilities. Our operations may also be impacted due to instances such as disputes with suppliers, our inability to make timely payments to the suppliers, changes in governmental or regulatory policies, including sanctions/ tariffs that may be imposed on certain suppliers, or any other circumstances specific to our suppliers, such as acquisition or consolidation of such supplier, or any other adverse market conditions affecting the industry in which our supplier operates or the economic environment generally. If we were to experience a significant or prolonged shortage of raw materials from any of our suppliers and cannot procure those raw materials from other sources, we may be unable to meet our production schedules for our products and provide such products to our customers in a timely fashion, which may adversely affect our customer relations and reputation. Further, we cannot assure that our suppliers will continue to be associated with us on reasonable terms, or at all. We may also be required to replace a supplier if its products or services do not meet our safety, quality or performance standards or if a supplier unexpectedly suspends or discontinues operations due to reasons beyond its or our control, including strikes, natural calamities or financing constraints caused by credit market conditions. While we have not faced any instances of disruption in raw materials that led to any material adverse impact on our business and operations in the three-month period ended June 30, 2025, and Fiscals 2025, 2024 and 2023, there can be no assurance that these instances will not occur in the future.

3. Any shortfall in the supply or availability of raw materials including aluminium or copper, which are our primary raw materials (and copper also being our principal raw material), or insulating materials, such as enamel and paper, or an increase in our such material costs, or other input costs, may adversely affect the pricing and supply of our products and have an adverse effect on our business, results of operations and financial condition.

Our business depends significantly on price and availability of raw materials including the consistent supply of primary raw materials (i.e. copper, and aluminium, and copper also being our principal raw material), and insulating materials such as enamel and paper, which are essential components in manufacturing our products. Our primary raw materials are copper, and aluminium (copper also being our principal raw material), and our manufacturing processes require certain other raw materials such as enamel, insulating materials and packaging materials which constitute a significant portion of our total expenses. The following table sets forth the details of our total cost of raw materials consumed as a percentage of our total expenses for the period/ Fiscals indicated:

In addition to supply challenges, the cost of raw materials is subject to market fluctuations driven by inflation, foreign exchange rate volatility, and changes in government policies, such as tariffs and environmental regulations. the future. Any failure to successfully manufacture and market specialized magnet winding wires, whether on account of regulatory changes or changes in technologies, including creation of alternate technologies, or otherwise could adversely affect our business, financial condition, cash flows and results of operations.

6. We have not yet placed orders in relation to the capital expenditure to be incurred for certain of our proposed objects of the Offer. In the event of any delay in placing the orders, or in the event the vendors are not able to provide the requisite equipment in a timely manner, or at all, the same may result in time and cost over-runs.

We intend to utilize portions of the Net Proceeds for funding capital expenditure requirements for (i) funding the capital expenditure requirements of our Company towards purchasing and setting up of new machinery for expansion at our Tammie Hanson; (ii) funding the capital expenditure requirements of our Company towards purchasing and setting up of a rooftop solar power plant for power generation at our Tammie Hanson; and (iii) funding the capital expenditure requirements of our Company towards purchasing and setting up of new machinery at Unit 2 in Chakan, Pune in Maharashtra (collectively, "Proposed Capital Expenditure"). While we have procured quotations from various vendors in relation to the capital expenditure to be incurred for the Proposed Capital Expenditure, we have not placed any firm orders for certain of them. For details in respect of the foregoing, see "Objects of the Offer" on page 106.

Such quotations are valid for a certain period of time and may be subject to revisions, and other commercial and technical factors. We cannot assure that we will be able to undertake such capital expenditure at the costs indicated by such quotations or that there will not be cost escalations over and above the contingencies proposed to be funded out of the Net Proceeds. The actual amount and timing of our future capital requirements may differ from our estimates as a result of, among other things, unforeseen delays or cost overruns, unanticipated expenses, regulatory changes, engineering design changes and technological changes. Further, certain items of the Proposed Capital Expenditure, for

which our Company has already placed purchase orders, may not be delivered within the expected time, or at all, and
may impact the time and cost estimates of our Proposed Capital Expenditure.
In the event of any delay in placing the orders, or an escalation in the cost of acquisition of the equipment or in the
event the vendors are not able to provide the equipment and services in a timely manner, or at all, we may encounter
time and cost overruns for the Proposed Capital Expenditure. Further, if we are unable to procure the requisite items
for Proposed Capital Expenditure and ancillary items or avail services from the vendors from whom we have procured
quotations, we cannot assure you that we may be able to identify alternative vendors to provide us with the similar
kind of items for Proposed Capital Expenditure and ancillary items and services, which satisfy our requirements at
acceptable prices. Our inability to procure the items for Proposed Capital Expenditure at acceptable prices or in a
timely manner, may result in an increase in capital expenditure, extension or variation in the proposed schedule of
implementation and deployment of the Net Proceeds, thereby resulting in an adverse effect on our business operations,
financial condition, cash flows and results of operations.
7. Our operations are significantly dependent on our manufacturing facilities. Any unscheduled, unplanned or
prolonged disruption, slowdown or shutdown of our manufacturing facilities could have a material adverse effect
on our business, financial condition, cash flows and results of operations.
Our business is dependent upon our ability to efficiently manage our manufacturing facilities, and the operational risks
associated with it, including those beyond our control. As of the date of this Red Herring Prospectus, we have three
operational manufacturing facilities in India. For details in relation to our manufacturing facilities, and their capacity
utilization, see “Our Business – Manufacturing Facilities” and “Our Business – Capacity and Capacity Utilization”
on pages 229 and 230, respectively. Any unscheduled, unplanned or prolonged disruption in our manufacturing
facilities may result in delays or shutdowns of our production activities. While we perform regular scheduled and
unscheduled maintenance services and employ other systems and processes such as power backups, employee training
and productivity monitoring at each of our manufacturing facilities, these facilities are subject to various operating
risks, such as the breakdown or failure of equipment, power supply or processes, productivity of our workforce,
performance below expected levels of efficiency, obsolescence of equipment or machinery, timely availability of raw
materials, labour disputes, strikes, natural disasters, industrial accidents, fire, severe weather conditions, any significant
social, political or economic disturbances and infectious disease outbreaks resulting in unplanned slowdowns and/or
shutdowns and the need to comply with the directives of relevant government and regulatory authorities. Our inability
to effectively respond to any breakdown, shutdown or to rectify any disruption, in a timely manner and at an acceptable
cost, could lead to an adverse effect on our business, financial condition, cash flows and results of operations. While
there has not been any breakdown, unscheduled, unplanned or prolonged disruption, slowdown or shutdown of our
manufacturing facilities which had material adverse effect on the business, financial condition, cash flows and results
of operations of our Company during the three-month period ended June 30, 2025, or Fiscals 2025, 2024, and 2023,

8. We have encountered delays in the past and may encounter delays or time cost overruns in the completion of the construction of our manufacturing facility at Supa, Ahilyanagar (formerly Ahmednagar) in Maharashtra, which may adversely affect our business, result of operations, financial condition and cash flows.

Our manufacturing unit at Supa, Ahilyanagar (formerly Ahmednagar) in Maharashtra was originally anticipated to commence operations by March 31, 2025, however, we have experienced delays in setting up our Supa Facility and operations have commenced in September 2025. Further, the enhancement in the annual installed capacity from 8,800 MT to 12,000 MT at our manufacturing unit at Supa, Ahilyanagar, led to an increase in cost of the project. The delay in project completion was caused by delay in activities like placement of purchase orders, delivery and installation of plant and machinery, mechanical, electrical and plumbing, utility and other equipment. We may face further delays or cost overruns in completion of further phases of construction of our Supa Facility in the future on account of several factors, including delays in receiving governmental, statutory, and other regulatory approvals and permits, and delays in or non-delivery of construction equipment by suppliers, among others.

Additionally, an amount of ■ 783.77 million from the Net Proceeds is intended to be utilised towards the Phase II Expansion at our Tammie Hanson. For further details, see “Objects of the Offer – Funding the capital expenditure requirements of our Company towards: (i) purchasing and setting up of new machinery for expansion at our Supa Facility (“Phase II Expansion at our Supa Facility”); and (ii) purchasing and setting up of new machinery at Unit 2 in Chakan, Pune in Maharashtra” on page 114. Any failure to complete the Phase II Expansion of this facility in a timely manner, and within budget, or at all, and any failure of receipt of the required approvals required for operation of the Supa Facility, could have an adverse impact on our business, results of operations, financial condition, and cash flows.

9. We are subject to strict quality requirements and any product defect issues or failure by us or our raw material suppliers to comply with quality standards may lead to the cancellation of existing and future orders, recalls or exposure to potential product liability claims.

We face an inherent business risk of exposure to product defects and subsequent liability claims if the use of any of our products results in personal injury or property damage. We and our component suppliers may not be able to meet regulatory quality standards in India or abroad, or the quality standards imposed by our customers and applicable to our manufacturing processes, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. We are also required to obtain material approvals and certifications for product quality verification in India and other jurisdictions. Further, our manufacturing facilities are subjected to rigorous quality control checks, accreditation requirements, and periodic inspections from various regulatory agencies that have issued us product and system certifications. If any of our products do not meet regulatory standards or are defective, we may be, inter alia, (i) responsible for damages relating to any defective products, (ii) required to replace, recall or redesign such products, (iii) incur significant costs to defend any such claims or (iv) restricted to produce or market such with quality standards will not result in a material adverse effect on our business, financial condition, results of operations, cash flows and prospects.

For details of our certifications and accreditations, see “Our Business - Description of our Business - Quality Control, Services, Packaging and Certifications” on page 233. Our manufacturing facilities and operating processes are also audited by third party auditors. In the event we fail to comply with the requirements of customers in relation to third-party audits, or fail our audits, we may be in breach of our arrangements with certain customers. In the event we are unable to renew our accreditations or comply with the accreditation criteria or if such agencies find that we are not in compliance with the standards and norms prescribed, our accreditation may be revoked, or we may not be granted accreditation. While we have not faced any instances of non-renewal or loss of any certification or accreditation for any of our manufacturing facilities in the three-month period ended June 30, 2025, or Fiscals 2025, 2024 and 2023, there can be no assurance that these instances will not occur in the future. If we lose one or more of our accreditations or certifications, our reputation, business, cash flows and results of operations may be adversely affected.

10. We export our products to various countries and our revenue from outside India represented 30.75%, 33.20%, 39.15% and 43.93% of our sale of products for the three-month period ended June 30, 2025, and Fiscals 2025, 2024 and 2023, respectively. Any adverse events affecting these countries or changes in laws and duties in relation to exports could have an adverse impact on our business, revenue operations, financial condition and cash flows.

We have supplied our products to customers across 24 countries outside India, as of June 30, 2025. The table below sets forth details of the customers served outside India and revenue generated from such customers in the years/ periods indicated:

Particulars	Three-month period ended June 30, 2025		Fiscal 2025		Fiscal 2024	Fiscal 2023
	Amount (■ in million)	% of sale of products	Amount (■ in million)	% of sale of		

of the Trade Expansion Act, 1962 ("Section 232 Tariffs") then the tariff rates of 25% or 50%, as applicable, is applicable and such product would not be applicable to reciprocal and additional tariffs. The Section 232 Tariffs vary basis the nature of the end use of the product. The products of our Company in most cases would be classified under HTS 8544, which would be subject to a total tariff of 50% except for instance, in relation to products under HTS 8,544.30.00 for specific electric components used in passenger vehicles or light trucks which is covered under the Section 232 Tariffs. This increase in tariff rate could lead to a reduction in demand and have a material adverse effect on our business, financial condition, results of operations, and cash flows.

11. We have experienced negative cash flows from operating activities in the past. Any negative cash flows in the future would adversely affect our cash flow requirements, which may adversely affect our ability to operate our business and implement our growth plans, thereby affecting our financial condition.

The table below sets forth certain information relating to our cash flows from operating activities for the periods/ years indicated:

Particulars	Three-month period ended June 30, 2025	Fiscal 2025	Fiscal 2024	Fiscal 2023
Net cash flows from / (used in) operating activities	139.82	(97.74)	(172.32)	620.89

We experienced negative cash flows in the Fiscal 2025, and the Fiscal 2024, due to increase in inventories and increase in trade receivables. Negative cash flows over extended periods, or significant negative cash flows in the short term, could materially impact our ability to operate our business and implement our growth plans. We may face a shortfall of capital in future as a result of negative cash flows and there can be no assurance that we will be able to raise adequate for which fresh applications/renewal applications are yet to be made” on page 395. We cannot assure you that these approvals will be granted by the relevant authorities. In the event these approvals are not granted, we will have to make alternate manufacturing arrangements including increasing production in our other existing manufacturing facilities, which may adversely impact our business, financial condition, results of operations, cash flows and prospects. Further, we may be required to obtain a no objection certificate under the relevant state tenancy laws, when applying for a factory license. For further details of pending renewals and pending material approvals, see “Government and Other Approvals” on page 393. If we fail to retain, renew or receive any of such approvals, licenses, registrations, permissions or renewals, in a timely manner or at all, our business, financial condition, results of operations, cash flows and prospects may be adversely affected.

Further, our government approvals and licenses are subject to certain conditions, some of which are onerous and require us to make substantial compliance-related expenditure. If we fail to comply or a regulator claim that we have not complied with such conditions, our business, prospects, financial condition, results of operations and cash flows may be adversely affected.

Considering the nature of raw materials involved in our business, there can be no assurance that other environmental and safety allegations will not be made against us in the future. The relevant regulator may order closure of our unit where it is found to be non-compliant with the applicable norm. In some instances, such a fine or sanction could adversely affect our business, reputation, financial condition, results of operations or cash flows. In addition, these requirements may become more stringent over time and there can be no assurance that we will not incur significant environmental costs or liabilities in the future. For details, see "Risk Factors – Our insurance coverage may not be sufficient or adequate to protect us against all material hazards, which may adversely affect our business, results of operations, financial condition and cash flows" on page 54.

Further, we propose to utilise a portion of our Net Proceeds towards funding the capital expenditure requirements of our Company towards purchasing and setting up of new machinery for expansion at our Supa Facility which will require us to obtain necessary licenses and approvals. For details, see "Objects of the Offer –Funding the capital expenditure requirements of our Company towards: (i) purchasing and setting up of new machinery for expansion at our Supa Facility ("Phase II Expansion at our Supa Facility"); and (ii) purchasing and setting up of new machinery at Unit 2 in Chakan, Pune in Maharashtra" on page 114. We may have to revise our funding requirements and deployment of the Net Proceeds in case we are unable to obtain necessary licenses and approvals or due to other external factors, which may not be within the control of our management.

Our inability to control the costs involved in complying with these and other relevant laws and regulations could have an adverse effect on our business, financial condition, results of operations and cash flows.

13. We are unable to trace some of our historical corporate records including in relation to certain allotments made by our Company. Further, certain corporate records have errors, and certain corporate filings have been made with delays. We cannot assure you that no legal proceedings or regulatory actions will be initiated against our Company in the future in relation to these matters, which may impact our financial condition and reputation.

Certain of our Company's corporate records are not traceable as the relevant information was not available in the records maintained by our Company or on the online portal of the Ministry of Corporate Affairs ("MCA Portal") or in the physical records available at the Registrar of Companies. For instance, we are unable to trace the following:

(i) Annual returns filed by the Company beginning from the Fiscal 1980 until the Fiscal 2003, except for the Fiscals ended March 31, 1983, and March 31, 1988;

through an independent practicing company secretary, Kanj and Co LLP (“Practicing Company Secretary”), to trace records and filings available with Registrar of Companies and reliance has been placed on the certificate dated May 21, 2025, issued by the Practicing Company Secretary. We have also intimated the Registrar of Companies by way of our letter dated May 21, 2025, regarding the missing corporate records.

In addition, 1,000, equity shares of face value of ■100 each allotted to Cynthia Rogers, 500 equity shares of face value of ■774 Mary Harbor Simsview, NV 10656 of a resolution dated August 25, 1979. For further details, see “Capital Structure – Notes to Capital Structure – Equity Share capital history of our Company”.

Further, some of our form filings made with the RoC have been delayed in the three-month period ended June 30, 2025, and Fiscals 2025, 2024 and 2023. We have made such filings subsequent to the statutory period with a late filing fee. We cannot assure you that our future filings shall be made within the time permitted under the applicable laws, and that any legal proceedings or regulatory actions will be initiated against our Company in the future.

Although no regulatory action/ litigation is pending against us in relation to (i) untraceable secretarial and other corporate records and documents, (ii) errors in our corporate filings, and (iii) delays in our corporate filings, we cannot assure you that we will not be subject to penalties imposed by regulatory authorities in this respect.

14. Certain sections of this Red Herring Prospectus contain information from the CARE Report which has been commissioned by us and any reliance on such information for making an investment decision in this Offer is subject to inherent risks.

Certain sections of this Red Herring Prospectus include information based on, or derived from, the CARE Report or extracts of the CARE Report prepared by Care Analytics and Advisory Private Limited ("CareEdge Research"). All such information in this Red Herring Prospectus indicates the CARE Report as its source. The CARE Report is available on the website of our Company at https://kshinternational.com/investor-relations/industry-report/.
The CARE Report is commissioned and paid for by our Company pursuant to an engagement letter dated December 2, 2024, for the purpose of confirming our understanding of the industry in connection with this Offer. While CareEdge Research is not related to our Company, our Promoters or our Directors, our Company has subscribed to and paid for certain research and reports from CareEdge Research business process services division.
Industry sources and publications are prepared based on information as of specific dates and may no longer be current or reflect current trends. Industry sources and publications may also base their information on estimates, projections, forecasts and assumptions that may prove to be incorrect. Further, the CARE Report is not a recommendation to invest / disinvest in any company covered in the CARE Report. Accordingly, prospective investors should not place undue reliance on or base their investment decision solely on this information.
In view of the foregoing, you may not be able to seek legal recourse for any losses resulting from undertaking any investment in this Offer pursuant to reliance on the information in this Red Herring Prospectus based on, or derived from, the CARE Report. You should consult your own advisors and undertake an independent assessment of information in this Red Herring Prospectus based on, or derived from, the CARE Report before making any investment decision regarding this Offer. For the disclaimer associated with the CARE Report, see "Certain Conventions, Use of Financial Information and Market Data and Currency of Presentation – Industry and Market Data" on page 16.
15. We operate in a competitive business environment. Failure to compete effectively against our competitors and new entrants to the industry may adversely affect our business, financial condition and results of operations.
We face significant competition in our business from other manufacturers and suppliers of winding wires. Our competitors may possess wider product ranges, larger sales teams, greater intellectual property resources and broader appeal across various divisions. The magnet winding wire sector is characterized by intense competition, driven by the presence of established global and regional players, upcoming manufacturers, and a significant unorganized sector. (Source: CARE Report). For further details on our competitors, see "Our Business – Competition", "Basis for Offer Price" and "Industry Overview" on pages 234, 124 and 137, respectively. Our failure to compete effectively with respect to any of these or other factors could have an adverse effect on our business, prospects, financial condition or operating results. Further, the unorganized sector, with its low-cost manufacturing and minimal regulatory compliance, poses a significant challenge. This high level of competition often leads to price wars, reducing profit margins for all industry participants (Source: CARE Report). We cannot assure you that we will be able to compete successfully against our competitors as well as new entrants in our industry in the future. Accordingly, our business, financial

Any delays in our billing and settlement process, or delays or defaults in our trade receivables or an increase in inventory and work in progress and/or accelerated payments to suppliers or limited advance payments on government contracts could adversely affect our working capital, lower our cash flows and materially increase the amount of working capital requirements. The actual amount and timing of our future working capital requirements may differ from estimates as a result of, among other factors, unforeseen events beyond our control, unforeseen delays or cost overruns, unanticipated expenses, regulatory changes, economic conditions, technological changes, revisions to business terms by customers and suppliers and additional market developments and new opportunities in the industries we operate. Further, our future success depends on our ability to continue to secure and successfully manage sufficient amounts of working capital. Our inability to obtain adequate amount of working capital at such terms which are favourable to us and in a timely manner or at all may also have an adverse effect on our results of operations, cash flows and financial condition. Continued increases in our working capital requirements may have an adverse effect on our results of operations, cash flows and financial condition. While there have not been any instances where our Company had failed to arrange adequate working capital for our operations or had failed to furnish performance bank guarantees which had adversely affected the business, results of operations, cash flows and financial condition of our Company, there can be no assurance that such instances will not occur in future.

17. Our Company is involved in certain outstanding legal and regulatory proceedings. Any adverse decision in such proceedings may have an adverse effect on our business, financial condition, cash flows and results of operations.

There are outstanding legal and regulatory proceedings involving our Company which are pending at different levels of adjudication before various courts, tribunals and other authorities. Such proceedings could divert the management's time and attention and consume financial resources in their defence or prosecution. The amounts claimed in these proceedings have been disclosed to the extent that such amounts are ascertainable and quantifiable and include amounts claimed jointly and severally, as applicable. Any unfavourable decision in connection with such proceedings, individually or in the aggregate, could adversely affect our reputation, continuity of our management, business, cash flows, financial condition and results of operations. The summary of such outstanding material legal and regulatory proceedings as on the date of this Red Herring Prospectus is set out below:

(1) Certain of our KMPs including, Christina Reynolds, Kevin Terrell, Steven Lee and Rakhi Girija Shetty are also our
Executive Directors. Hence, litigation against our Executive Directors have not been included under the heading of KMPs to avoid repetition.
(2) Certain of our SMs including, Kathy Rivas, CEO, Stephanie Salazar, CFO, Victoria Valdez, CS and Compliance Officer, and Ganesh
Prasad, Technical Director, are also our KMPs. Hence, litigation against our KMPs have not been included under the heading of SMs to
avoid repetition.

Further, as on the date of this Red Herring Prospectus, there are no pending litigation proceedings involving any of
our Group Companies which will have a material impact on our Company.
Such proceedings could divert management's time, attention, and consume financial resources in their defence or
prosecution. We cannot assure you that any of these matters will be settled in favour of our Company or that no
additional liability will arise out of these proceedings. Further, we cannot assure you that there will be no new legal

and regulatory proceedings involving our Company, Promoters or Directors in the future. An adverse outcome in any of these proceedings may have an adverse effect on our business, financial position, prospects, cash flows, results of operations and our reputation. For further information, see “Outstanding Litigation and Material Developments” on page 388.

18. Under-utilization of our manufacturing capacities and an inability to effectively utilize our manufacturing capacities could have an adverse effect on our business, future prospects and future financial performance.

Information relating to the installed capacity and capacity utilization of our manufacturing facilities included in this Red Herring Prospectus are based on various assumptions and estimates of our management that have been taken into account by the Independent Chartered Engineer, in the calculation of the installed capacity and capacity utilization of our manufacturing facilities.

The table below sets forth the installed capacity and capacity utilization product category wise across our manufacturing facilities during the three-month period ended June 30, 2025, and the Fiscals 2025, 2024 and 2023, respectively:

^ Calculated on proportionate installed capacity basis.
* Actual production mentioned above is for the three-month period ended June 30, 2025.
Notes:
■ Capacity mentioned in above table for the year 2022-2023, 2023-2024 and 2024-2025 & first quarter of the year 2025-26 is on annualized basis.
■ PICC means - Paper Insulated Copper Conductor.
■ CTC means - Continuously Transposed Conductors.
■ RW means - Round Wire Conductors.
■ Installed capacity represents the installed capacity as of the last date of the relevant Fiscal and by considering the factors such as plant preventive maintenance, unplanned maintenance, set up change for extreme cross section, job landing & unloading time, power failure, lunch/ tea break etc..
■ The installed capacity are based on various assumptions and estimates, including standard capacity calculation practice in the Indian winding wires industry and capacity of other ancillary equipment installed at the relevant manufacturing facility. Actual available annual capacity is calculated by considering above mentioned factors and percentage of utilization is calculated by considering available capacity.
■ Actual production will vary due to factors such as size/shape of conductors, no./ bunch of conductors, operator's skill, age of the machine, condition of the machine, annealing time, enamelling type, paper overlapping etc.
■ Company manufactures wide range of wires and conductors in various sizes and types. Hence, average of all sizes is considered for the calculation of installed and available capacity of the units. Main production output is based on final output of CTC, PICC machine as it is final operation to get finish product.
■ The company is manufacturing aluminum & copper winding wires and for purpose of arriving at copper equivalent figures of production and sales, the aluminum products has been multiplied by 3.28.
■ Assumptions and estimates taken into account for measuring available capacities includes:

■ Specialize magnet winding wires:
a) For PICC - 26 days per month resulting in 312 working days in a year with per day three operating shifts with actual run time of 5.6 hours per shift.
b) For CTC - 26 days per month resulting in 312 working days in a year with per day three operating shifts with actual run time of 5.2 hours per shift.
■ Standard magnet winding wires:
c) For RW – 95% of 365 working days in a year on a continuing basis with per day three operating shifts with actual run time of 8 hours per shift.
■ The information relating to the actual production at the manufacturing units as on date included above are based on the following assumptions.
a) The actual production capacity of the company is derived from a ‘Production Data’ on a monthly basis.
b) Capacity utilization has been calculated on the basis of actual production during the relevant Fiscal/ period divided by the aggregate available capacity as of at the end of the relevant period. The inspection report is based on situation observed at the time of date if inspection.
■ The Company is expanding by setting up a plant at Plot No. F-223, Supa Parner Industrial Park, Mauje Palve Khurd, Victoria Larson, Dist – Ahmednagar, Maharashtra – 414 301. The proposed plant will be developed in phases: Phase I, named Alpha I, with an installed capacity of 12,000 MT per annum, and Phase II, named Beta I, with a proposed installed capacity of 18,000 MT per annum. Currently, a consent to operate dated September 19, 2025, has been obtained from the Maharashtra Pollution Control Board for Phase I CTO and commercial production of Phase I commenced in September 2025.
Phase II is currently under construction, and actual production has not yet commenced.

(The remainder of the page is intentionally left blank)

Our historical capacity utilisation for the standard magnet winding wires reflect under-utilisation, as our production of standard magnet winding wires Fiscal 2020 and were affected by the adverse economic slowdown due to Covid-19.
For further details on our manufacturing facilities and capacities, see "Our Business – Capacity and Capacity Utilization" on page 230. Our ability to maintain our profitability depends on our ability to maintain high levels of capacity utilization and there is no assurance that our capacities will be adequately utilized. Capacity utilization is affected by our ability to accurately forecast customer demand, to carry out uninterrupted operations, the availability of raw materials, and industry/ market conditions. In the event there is a decline in the demand for our offerings, or if we face prolonged disruptions at our facility including due to interruptions in the supply of water, electricity or as a result of labour unrest, or are unable to procure sufficient raw materials, we would not be able to achieve full capacity utilization of our current manufacturing facility, resulting in operational inefficiencies which could have a material adverse effect on our business and financial condition. Under-utilization of our manufacturing capacities over extended periods, or significant under-utilization in the short term, or an inability to fully realize the benefits of our recently implemented capacity expansion, could materially and adversely impact our business, growth prospects and future financial performance.
19. Our manufacturing facilities are located in Maharashtra, India, which exposes our operations to potential geographical concentration risks arising from local and regional factors which may adversely affect our operations and in turn our business, results of operations and cash flows.
As of the date of this Red Herring Prospectus, we primarily manufacture our products at our four manufacturing facilities, one at Taloja (Raigad), Maharashtra, and two in Chakan (Pune), Maharashtra. Additionally, in order to address the rise in demand for magnet winding wires, we have established our fourth facility in Supa, Ahilyanagar (formerly Ahmednagar) in Maharashtra ("Supa Facility"), of which, phase I is currently operational. For details in relation to the land on which our Manufacturing Facilities are located, see, "Our Business – Manufacturing Facilities" on page 229. Further, Tammie Hanson, phase II of which is under construction, as on the date of this Red Herring Prospectus is located at Supa Ahilyanagar (formerly Ahmednagar), also in Maharashtra. Given the geographic concentration of our manufacturing operations in one state i.e. Maharashtra, our operations are susceptible to disruptions which may be caused by certain local and regional factors, including but not limited to political, economic and weather conditions, natural disasters, demographic factors, and other unforeseen events and circumstances. While there have not been any instances of risks materializing due to our geographical concentration in the three-month period ended June 30, 2025 and the Fiscals 2025, 2024 and 2023, if any such disruptions occurs due to reasons included herein, our operations may be affected leading to significant delays in the manufacturing and sale of our products which could materially and adversely affect our business, financial condition and results of operations.
20. We have incurred indebtedness and are subject to certain restrictive covenants under the terms of our financing agreements, which may limit our ability to seek additional financing or undertake certain

on acceptable terms or at all. For further details in relation to the personal guarantees, see “History and Certain Corporate Matters – Guarantees provided to third parties by our Promoter Selling Shareholders” on page 245.

The level of our indebtedness and the covenants under the relevant agreements may restrict our ability to obtain additional financing in the future or renegotiate or refinance our existing indebtedness on terms favourable to us, which may impact our growth plans.

While we have been in compliance with the financial covenants under our loan agreements in the three-month period ended June 30, 2025 and Fiscals 2025, 2024 and 2023, there can be no assurance that we will be able to comply with these financial or other covenants in the future or that we will be able to obtain consents necessary to take the actions that we believe are required to operate and grow our business.

A failure to observe the covenants under the financing arrangements or to obtain necessary waivers may lead to the termination of our credit facilities and acceleration of amounts due under such facilities. For the purpose of the Offer, the consents from our lenders as required under the relevant loan documents for undertaking activities relating to the Offer have been obtained.

21. The loss of certain independent certification and accreditation of our products and the manufacturing practices that we have adopted could harm our business.

We obtain and maintain quality certifications and accreditations from independent certification entities in connection with the products we manufacture. For instance, we were awarded (i) Joyce Solis – accreditation for the certification and approval of the quality management system; (ii) Amber Wright – accreditation for environment management system; (iii) Christopher Rubio – certification for occupational health and safety management; and (iv) IATF 16949:2016 – certification for the certification and approval of the quality management system. If we fail to comply with applicable quality standards or if the relevant accreditation institute or agency declines to certify our products and manufacturing practices, or if we are otherwise unable to obtain such quality accreditations in the future, in a timely manner or at all, our business prospects and financial performance will be adversely affected. While we have not experienced any instances where we failed to obtain quality certifications and accreditations which had an adverse impact on our business, results of operations, financial condition or cash flows, we cannot assure you that such instances will not arise in the future.

22. There have been certain instances of delays in payment of statutory dues by us in the past. Any delay in payment of statutory dues by us in future, may result in the imposition of penalties and in turn may have an adverse effect on our business, financial condition, results of operation and cash flows.

We are required to pay certain statutory dues including provident fund contributions under the Employees’ Provident Funds and Miscellaneous Provisions Act, 1952, employee state insurance contributions under the Employees’ State Insurance Act, 1948, professional tax, tax deduction at source (“TDS”), labour welfare fund, GST and income tax.

The table below sets out details of statutory dues paid by our Company, in relation to its employees during the period/ Fiscals indicated:

the specific objective of preventing such statutory delays. Additionally, we aim to conduct awareness sessions for the finance and human resources teams to improve understanding and compliance with applicable statutory obligations and implementing an internal escalation mechanism to identify and resolve operational gaps on a timely basis.

Additionally, close coordination with suppliers and service providers has been initiated to ensure timely submission of invoices and supporting documentation, thereby facilitating accurate and timely tax computations and remittances within prescribed timelines. While no penalty or fine has been levied by the appropriate authorities against us for the aforementioned delays, we cannot assure you that we will not be subject to such penalties and fines in the future which may have a material adverse impact on our financial condition and cash flows.

23. Our operations involve activities and materials which are hazardous in nature and could result in a suspension of operations, injury to our personnel, emission of pollutants and/or the imposition of civil or criminal liabilities which could adversely affect our business, results of operations, cash flow and financial condition.

Certain operations at our manufacturing facilities can cause accidents during the manufacturing process resulting in serious injuries or death of employees or other persons, if improperly handled, and cause damage to our properties or equipment and the properties of others or to the environment. Despite ensuring that employee safety manuals covering employee safety and environmental procedures are in place and that hazard identification and risk assessments with respect to our operations are periodically carried out, our operations are subject to significant hazards, including explosions, fires, mechanical failures and other operational problems, inclement weather and natural disasters, discharges or releases of hazardous substances and other environmental risks. In the three-month period ended June 30, 2025, and Fiscals 2025, 2024 and 2023, we have experienced one accident at one of our manufacturing facilities in June 2021. Despite our best efforts to meet the safety standards and take necessary precautions to curb possibility of occurrence of such instances, we cannot assure you that such accidents will not occur in the future.

The occurrence of any of these hazards could result in a suspension of operations and/or the imposition of civil or criminal liabilities. We may also face claims and litigation, filed on behalf of persons alleging injury predominantly as a result of occupational exposure to hazards at our facilities. If these claims and lawsuits, individually or in the aggregate, are resolved against us, our business, results of operations, cash flows and financial condition could be adversely affected. Further, our customers may require us to invest in additional safety protocols which impose incremental expenses and may impact our ability to operate at optimum efficiencies. Any such action by any of our customers may adversely impact our business, results of operations, cash flows and financial condition.

24. We have substantial requirements for power and fuel for our manufacturing facilities and any disruption in the supply or increase in tariff may adversely affect our business, results of operations, and financial condition.

We have power and fuel requirements for our manufacturing facilities. In a situation where our costs towards power and fuel were to increase or if there were any disruption in their supply to our manufacturing facilities, it could have an adverse effect on our business, results of operations, and financial condition. Set forth below are details in relation to our power and fuel costs for the period/ Fiscals indicated:

Particulars	Three-month period ended June 30, 2025	Fiscal 2025	Fiscal 2024	Fiscal 2023
Power and fuel cost (■ in million)	56.37	221.78	197.53	156.38
Percentage of total expenses (%)	1.07%	1.20%	1.47%	1.53%

While we plan to install a 3.2 MW rooftop solar power plant at our Supa Facility from a portion of the Net Proceeds, we depend on third parties for our power and fuel requirements and source most of the electricity from state electricity boards. Any disruptions in the supply of such electricity, increase in tariffs, or decline in the quality of electricity supplied to us could significantly affect our cost of production and profitability. If energy costs were to rise, or if electricity supplies or supply arrangements were disrupted, our profitability could decline. Energy prices can be affected by numerous factors beyond our control, including global and regional supply and demand, carbon taxes, inflation, political and economic conditions, and applicable regulatory regime.

We source most of our electricity requirements for our manufacturing facilities from local power suppliers or state electricity boards. If our electricity suppliers increase the price for electricity, our cost of production and profitability would be materially adversely affected. If for any reason electricity is not available for a prolonged period of time, we may need to shut down our plants until an adequate supply of electricity is restored. Interruptions of electricity supply can also result in production shutdowns, increased costs associated with restarting production and the loss of production in progress. Although we have not encountered any such material interruptions during the three-month period ended June 30, 2025, or Fiscals 2025, 2024, and 2023, we cannot assure you that we will not experience such interruptions

Revenue from operations (E) 5,587.12 19,282.93 13,828.15 10,494.60

Any delay in receiving payment or default on their payment obligations to us, could lead to an increase in our receivables. Any significant delay in receiving payment or non-receipt of payments from our customers may adversely affect our business, results of operations, financial condition and cash flows. While we have not experienced any instances of significant delays in receiving payments which had an impact on our business, results of operations, financial condition and cash flows in the three-month period ended June 30, 2025 or Fiscals 2025, 2024 and 2023, we cannot assure you that such instance will not arise in the future.

26. Our operations are dependent on our new product and process development, thus our inability to introduce new products and processes and respond to changing customer preferences in a timely and effective manner, may have an adverse effect on our business, results of operations and financial condition.

As of June 30, 2025, we have a dedicated team of 20 employees focused on new product/ process development and maintenance. During the three-month period ended June 30, 2025, and Fiscals 2025, 2024, and 2023, we have incurred ■4.49 million, ■12.62 million, ■11.22 million and ■9.31 million aggregating to 3.99%, 3.18%, 2.89% and 3.33% of the employee benefit expenses incurred during the respective period/ years, on the new product and process development team. Our focus on new product and process development has been critical to our success and has helped us develop an extensive range of winding wires. Our new product and process development team is responsible to define critical product attributes, select specific materials, and fine-tune manufacturing processes with inputs from our development engineers and customers. Our future growth may depend in part on our ability to respond to technological advancement and emerging standards, and practices on a cost-effective and timely basis. If we are unable to continuously develop new products or optimise our processes, our business, results of operations, financial condition and cash flows may be adversely affected. Further, delays in any part of the process, our inability to obtain necessary regulatory approvals for our products or failure of a product to be successful at any stage of its development will result in our inability to timely offer products that satisfy the market, which might allow competing products to emerge during the development and certification process and could adversely affect our business. Delays in introducing new products and enhancements, the failure to choose correctly among technical alternatives or the failure to offer innovative products or enhancements at competitive prices may cause existing and potential customers to purchase our competitors' products. Though we strive to align our solutions with requirements of our customers, there can be no assurance that we will be able to secure the necessary knowledge through our own in-house product development that will allow us to continue to develop our offerings in accordance with the requirements of our customers and industry trends.

27. Our ability to access capital at attractive costs depends on our credit ratings. Non-availability of credit ratings or a poor rating may restrict our access to capital and thereby adversely affect our business, financial conditions, cash flows and results of operations.

The cost and availability of capital depends on our credit ratings. Set out below are our credit ratings received from Care Ratings Limited, in the three-month period ended June 30, 2025, Fiscals 2025, 2024 and 2023:

Date	Rating	Outlook	Facilities/ Instrument
December 10, 2024	'CARE A-'	Stable	Long Term Bank Facilities
	'CARE A-'	Stable/ CARE A2	Long Term / Short Term Bank Facilities
	'CARE A2'	N.A.	Short Term Bank Facilities

28. Exchange rate fluctuations may adversely affect our business, financial conditions, cash flows and results of operations.

Our financial statements are presented in Indian Rupees. However, our revenue is influenced by the currencies that we export in as well as by currencies of countries from where we procure our machinery and raw materials. Our foreign currency exposures, exchange rate fluctuations between the Indian Rupee and foreign currencies, especially USD, EURO and SEK, may have an adverse impact on our results of operations, cash flows and financial condition. While we have a foreign exchange risk management policy to identify, assess, monitor and manage foreign exchange risks, we cannot assure you that our measures will adequately protect our business operations, financial conditions, results of operations and cash flows from the full effects of exchange rate fluctuations. Failure to hedge effectively against exchange rate fluctuations may adversely affect our business operations, financial conditions, results of operations and cash flows. While we have not experienced any instance of foreign exchange conversion loss in the three-month period ended June 30, 2025, or Fiscals 2025, 2024 and 2023, we cannot assure you that such instance will not arise in the future. For details of risks in relation in relation to our export sales, please see "Risk Factors – We export our products to various countries and our revenue from outside India represented 30.75%, 33.20%, 39.15% and 43.93% of our sale of products for the three-month period ended June 30, 2025, and Fiscals 2025, 2024 and 2023, respectively. Any adverse events affecting these countries or changes in laws and duties in relation to exports could have an adverse impact on our business, revenue operations, financial condition and cash flows." on page 36.

We undertake certain exchange rate hedging activities due to the size of our operations. We enter into hedging forward contracts, and further, we may in the future implement hedging strategies to mitigate these risks. However, these hedging strategies may not eliminate our exposure to foreign exchange rate fluctuations and involve costs and risks of their own, such as ongoing management time and expertise, external costs to implement the strategy and potential accounting implications.

29. Fraud, employee misconduct or similar incidents may adversely affect our results of operations and cash flows.

Fraud or misconduct by our employees such as leaking of confidential information in relation to our contracts, unauthorized business transaction, bribery, breach of any applicable law or our internal policies could result in regulatory actions and litigation thereby creating an adverse impact on our business, reputation, results of operations, financial condition and cash flows. Although we have controls in place with respect to the handling of such cases, we may be unable to prevent, detect or deter all such instances of misconduct. While there have been no instances in the three-month period ended June 30, 2025, or Fiscals 2025, 2024 and 2023, of any such fraud or misconduct committed by our Promoters, Director and/ or employees, including leaking of confidential information, unauthorized business transaction, bribery, breach of any applicable law or the internal policies of our Company which had resulted in regulatory actions and litigation thereby creating an adverse impact on the business, reputation, results of operations, financial condition and cash flows of our Company, we cannot assure you that such instances will not occur in the future. Further, we may not be able to identify non-compliance and suspicious transactions in a timely manner. Any such misconduct committed against our interests, which may include past acts that have gone undetected or future acts, may have an adverse effect on our business and reputation.

30. Some of our manufacturing facilities and our Corporate Office are leased by us. In the event we lose or are unable to renew such leasehold rights, our business, financial condition and results of operations may be adversely affected.

Some of our properties, including manufacturing facilities and our Corporate Office are to raise money from this Offer or any shortfall in the Offer proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details please refer to the chapter titled "Objects of the Offer" on page 106 of this Red Herring Prospectus.

32. A portion of the Net Proceeds may be utilised for repayment or prepayment of certain loan facilities availed by our Company.

We propose to repay or pre-pay certain loan facilities availed by our Company from Bank from the Net Proceeds. For details, see "Objects of the Offer" on page 106.

The loan facilities to be prepaid or repaid will be selected based on a range of various factors, including (i) any conditions attached to the loan facilities restricting our ability to repay or prepay the loan facilities and time taken to fulfil such requirements, (ii) levy of any prepayment penalties and the quantum thereof, (iii) receipt of consents for prepayment, (iv) provisions of any laws, rules and regulations governing such loan facilities, and (v) other commercial considerations including, among others, the amount of the loan outstanding and the remaining tenor of the loan.

While a voluntary prepayment or scheduled re-payment of a portion of certain outstanding loan facilities will help reduce our outstanding indebtedness and debt servicing costs, assist us in maintaining a favourable debt to equity ratio and enable utilisation of our internal accruals for further investment in business growth and expansion, the repayment/ pre-payment will not result in the creation of any tangible assets for our Company. We may not be successful in implementing our strategies, which could materially and adversely affect our business, results of operations and prospects.

The success of our business depends greatly on our ability to effectively manage our business and implement our strategies. For details, see section titled "Our Business – Our Strategies" on page 218. We will require significant capital investments and cash outlays, which is likely to have a material impact on our results of operations. Our ability to successfully execute these expansion plans will depend on various factors, including, among others:

- the availability, terms and costs of financing;
- the grant of regulatory approvals; and
- general economic conditions in such markets.

To achieve and maintain future growth, we need to, inter alia, accurately assess new markets, attract new customers, obtain sufficient financing for our expected capital expenditures, control our input costs, effectively expand, train and manage our employees, maintain sufficient operational and financial controls and make additional capital investments to take advantage of anticipated market conditions. We may not be able to achieve growth in revenues and profits or maintain such rate of growth in the future. Moreover, if we experience extended periods of very rapid growth, we may not be able to manage our growth effectively with available resources. If we are unable to execute our strategies effectively, and in a timely and successful manner, our business, financial condition and profitability will be adversely affected.

33. Our failure to keep our technical knowledge confidential could erode our competitive advantage.

We possess technical knowledge about our products and manufacturing know-how. The companies in winding wires industry grapple with the diverse pace of innovations in product development. To keep up

34. Our Company has availed unsecured loans from financial institutions which may be recalled on demand.

As of October 31, 2025, our Company has outstanding unsecured loans amounting to ■ 397.59 million as unsecured loans for our working capital requirements from financial institutions which is repayable on demand to the relevant lenders. These loans are not repayable in accordance with any agreed repayment schedule and may be recalled by the relevant lender at any time. In such cases, our Company may be required to repay the entirety of the unsecured loans together with accrued interest. Our Company may not be able to generate sufficient funds at short notice to be able to repay such loans and may resort to refinancing such loans at a higher rate of interest and on terms not favourable to it.

If we are unable to arrange for any such financing arrangements, we may not have adequate working capital to carry out the operations or complete our ongoing operations. Failure to repay unsecured loans in a timely manner may have a material adverse effect on our business, cash flows and financial condition. For further details of unsecured loans of our Company, see, "Restated Financial Statement" on page 280.

35. We depend on our Individual Promoters, Senior Management, Key Management Personnel and qualified and skilled personnel with technical expertise, and if we are unable to recruit and retain senior management, qualified and skilled personnel, our business and our ability to operate or grow our business maybe adversely affected.

We are led by our Individual Promoters Kushal Subbayya Hegde, Matthew Smith, Kevin Terrell, Rohit Meghan Anthony and Rakhi Girija Shetty. For further details, see "Our Management" and "Our Promoter and Promoter Group" on pages 32003 Carr Trafficway Apt. 769
Lake Heather, NM 52884, and there can be no assurance that we will be able to effectively formulate or implement appropriate succession plans in the future. Any loss of members of our senior management team or key managerial personnel could significantly delay or prevent the achievement of our business objectives, affect our succession planning and could harm our business and customer relationships. While there have not been any instances of where we have not been able to effectively replace our members of senior management, or loss of key managerial personnel in the three-month period ended June 30, 2025, and the Fiscals 2025, 2024 and 2023, we cannot assure you that we would be effectively able to replace any loss of members of our senior management team or key managerial personnels in the future.

The market for qualified professionals is competitive and we may not continue to be successful in our efforts to attract and retain qualified people. The specialized skills we require in our industry are difficult and time-consuming to acquire and, as a result, are in short supply. Our inability to hire, train and retain a sufficient number of qualified personnel could delay our ability to bring new products to the market and impair the success of our operations. We may also be required to increase our levels of employee compensation and benefits more rapidly than in the past to remain competitive in attracting skilled personnel. This could have an adverse effect on our business, financial conditions, cash flows and results of operations.

The following table sets forth the attrition rate for KMPs, SMs and other employees, respectively, in the period/ Fiscals indicated:

For further details regarding the employees, see “Our Business – Human Resources” on page 235.

Competition for individuals with specialized knowledge and experience is intense in our industry. Further, as we expect to continue to expand our operations and develop new products, we will need to continue to attract and retain experienced management personnel. If we are unable to retain or attract such members or are unable to locate suitable or qualified replacements, our results of operations may be adversely affected. For details of changes in our key management personnel, please see “Our Management” on page 250.

An increase in employee attrition rates may result in an increase in recruitment and training costs for new hires, a decline in productivity and efficiency and loss of knowledge, skill and expertise. We cannot provide assurance that we will be able to grow our workforce in a manner consistent with our growth objectives, which may adversely affect our business, results of operations, cash flows and financial condition.

36. Apart from two of our Directors, none of our Directors have any prior experience of directorships in listed companies. Post listing of the Equity Shares on the Stock Exchanges, our Company will be subject to the applicable regulatory requirements of a listed company, including regulations prescribed under SEBI Listing Regulations and the Companies Act. Any non-compliance with the regulatory requirements, due to lack of experience or otherwise, may subject us to adverse regulatory actions.

As of the date of this Red Herring Prospectus, our Board comprises of eight Directors, of which four are Executive Directors, and four are Independent Directors (including one woman Independent Director). While all of our directors have several years of experience and expertise in their respective fields, apart from two of our Independent Directors, namely Dinesh Hirachand Munot and Anna Crane, none of our Directors, are currently on the board of directors of companies that are listed on the stock exchanges in India or outside India. Accordingly, most of our Directors have limited exposure to management of affairs of a listed company which, inter alia, entails several compliance requirements and scrutiny of affairs by shareholders, regulators and the public at large that is associated with being a listed company.

Post listing of the Equity Shares on the Stock Exchanges, our Company will be subject to the applicable regulatory requirements of a listed company, including the regulations prescribed under the SEBI Listing Regulations and the Companies Act. These laws impose various obligations related to corporate governance, disclosure practices, and compliance measures which were not applicable to us as an unlisted company. Any delay or non-compliance with such applicable regulatory requirements, due to lack of experience or otherwise, may present certain potential challenges for our Company including but not limited to adverse regulatory actions or imposition of fines.

As a result, the Board of Directors may have to provide increased attention to such procedures and their attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition.

37. We currently avail benefits under certain Government incentive schemes. Cancellation or our inability to meet the conditions under such schemes may result in adversely affect our business operations, cash flows, results of operations and financial condition.

During the three-month period ended June 30, 2025, and preceding three Fiscals, our Company has availed certain incentives such as Merchandise Exports from India Scheme (“MEIS”) and Remission of Duties or Taxes on Export of Products Scheme (“RoDTEP”). The table below sets forth details relating to government incentive schemes:

Maharashtra, and customized benefits to mega and ultra mega units on a case-to-case basis.
Our profitability will be affected to the extent that such benefits will not be available beyond the periods currently contemplated. Our profitability may be further affected in the future if any of such benefits are reduced or withdrawn prematurely or if we are subject to any dispute with the tax authorities in relation to these benefits or in the event we are unable to comply with the conditions required to be complied with in order to avail ourselves of each of these benefits. For instance, the Government of India through Ministry of Commerce and Industry, Department of Commerce, Directorate General of Foreign Trade had issued a notification dated March 20, 2025 bearing reference number 66/2024-25, pursuant to which the support under the RoDTEP scheme has been retrospectively discontinued

with effect from February 5, 2025 for certain categories of beneficiaries which also includes our Company. Further, our inability to meet the conditions as prescribed under such schemes would make our Company less competitive against its competitors who have been availing this scheme by complying all conditions.

38. We may be unable to adequately protect intellectual property that we use and may be subject to risks of infringement claims.

We rely on our trademarks to protect our intellectual property, which is critical to our business. The protection of our intellectual property rights may require the expenditure of financial, managerial and operational resources. We rely on a combination of laws and regulations, confidentiality of information and contractual restrictions to protect our intellectual property. Despite our efforts to protect and enforce our proprietary rights, unauthorized parties have used, and may in the future use, our trademarks or similar trademarks, copy aspects of our website images, features, compilation and functionality or obtain and use information that we consider as proprietary, such as trade secrets.

Our trademark “KSH” is also used by 18 other entities, including, (i) Waterloo Motors Private Limited; (ii) KSH Project Management Services Private Limited; (iii) KSH Infra Park 5 Private Limited; (iv) KSH Infra Park VI Private Limited; (v) KSH Distriparks Private Limited; (vi) KSH Integrated Logistics Private Limited; (vii) Kushal Motors and Electricals Private Limited; (viii) Diane Beck I Private Limited; (ix) Toni Fitzgerald Private Limited; (x) Michael Dixon; (xi) Lisa Morris; (xii) Elizabeth Clark; (xiii) Keith Sullivan; (xiv) Jamie Adkins; (xv) Mary Nguyen Park IX Private Limited; (xvi) Kristen Lee; (xvii) Mary Nguyen Park IX A Private Limited; and (xviii) KSH Infra Park IV Private Limited (“Group Entities”). We have entered into consent and waiver letters each dated May 22, 2025, respectively, and authorisation letter dated November 27, 2025, with the Group Entities setting out the arrangement on usage of the brand “KSH”. As of date of this Red Herring Prospectus, we have permitted the Group Entities to use the “KSH” trademark without any payment, provided that certain terms and conditions therein are met. We cannot assure you that any waiver of consideration for using the “KSH” trademark would not have any adverse effect on our financial condition.

Further, we do not hold any patents over our product formulae and have not made any applications in this respect. We may therefore not be able to prevent our competitors from developing, using or commercializing products that are functionally equivalent or similar to our products. This may lead to reduction in sales of some of our products.

Additionally, the process of obtaining intellectual property protection is expensive and time-consuming, and the amount of compensation for damages can be limited. Even if issued, trademarks may not adequately protect our intellectual property, as the legal standards relating to the validity, enforceability and scope of protection of trademark and other intellectual property rights are applied on a case-by-case basis and it is generally difficult to predict the results of any litigation relating to such matters. Any litigation, whether or not it is resolved in our favour, could result in significant expense to us and divert the efforts of our technical and management personnel, which may adversely affect our business, financial condition, cash flows and results of operations. While there have not been any instances of

* Assets represent Fixed Assets including Capital Work in Progress and Inventory and excluding Freehold Land and Leasehold Land, Intangibles, Investments, Cash and Bank Balances, other Bank Balances and Advances and Other Assets.
** Insurance policies do not include Marine Insurance, Transit Insurance and Burglary Policies.

While there have not been any instances where insurance coverage of our Company was inadequate to protect us against all material hazards and had adverse effect on the business, results of operations and financial condition of our Company, we cannot assure you that, in the future, any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. Further, an insurance claim once made could lead to an increase in our insurance premium, result in higher deductibles and also require us to spend towards addressing certain covenants specified by the insurance companies. Our Company has not made any insurance claims in the three-month period ended June 30, 2025, and Fiscal 2025, 2024, and 2023. However, our Company has recently made one insurance claim aggregating to ■2.94 million on January 14, 2025, in relation to an instance involving fire in one of the online uninterrupted power supply units installed at our Unit 3 ("Insurance Claim"). The Insurance Claim was rejected by the insurer and our Company had borne the entire loss. To the extent that we suffer loss or damage as a result of events for which we did not obtain or maintain insurance, or which is not covered by insurance, exceeds our insurance coverage or the amount received pursuant to an insurance claim, the loss would have to be borne by us and our results of operations, financial performance and cash flows could be adversely affected.

40. We have certain contingent liabilities that have not been provided for in our financial statements, which if they materialise, may adversely affect our financial condition.

As at June 30, 2025, our contingent liabilities as per Ind AS 37 – provisions, contingent liabilities and contingent assets, that have not been provided for are as set out in the table below:

exercise significant control over our Company, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. Such interested Director in the future may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority Shareholders, such as actions with respect to future capital raising or acquisitions. We cannot assure you that such interested Director in the future will always act to resolve any conflicts of interest in our favour, thereby adversely affecting our business and results of operations and prospects.

42. We have entered into, and will continue to enter into, related party transactions that may involve conflicts of interest.

We have in the past entered into transactions with several related parties. For details regarding our related party transactions for the Fiscals 2025, 2024, 2023 and for the three-month period ended June 30, 2025, see "Summary of the Offer Document – Summary of related party transactions" and "Other Financial Information – Related Party Transactions" on pages 24 and 355, respectively. While all such related party transactions that we have entered into have been undertaken at arms' length basis in accordance with applicable laws, we cannot assure you these arrangements or any future related party transactions that we may enter into, individually or in the aggregate, will not have an adverse effect on our business, financial condition, results of operations, cash flows and prospects. Although all related-party transactions that we may enter into will be subject to Audit Committee, Board or shareholder approval, as may be required under the Companies Act, 2013 and the SEBI Listing Regulations and the circulars issued by the SEBI in this regard, we cannot assure you that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations or that our Company could not have undertaken such transactions on more favorable terms with any unrelated parties. We cannot assure you that any dispute that may arise between us and related parties will be resolved in our favour.

43. Our Promoters and members of our Promoter Group will continue to hold a significant equity stake in our Company after the Offer and their interests may differ from those of the other shareholders.

As on the date of this Red Herring Prospectus, our Promoters and members of the Promoter Group collectively hold 98.40% of the paid-up Equity Share capital of our Company. For further information on their shareholding pre and post-Offer, see "Capital Structure" on page 84. After the completion of the Offer, our Promoters along with the members of Promoter Group will continue to collectively hold majority of the shareholding in our Company and will continue to exercise significant influence over our business policies and affairs and all matters requiring Shareholders' approval, including the composition of our Board, the adoption of amendments to our certificate of incorporation, the approval of mergers, strategic acquisitions or joint ventures or the sales of substantially all of our assets, and the policies for dividends, lending, investments and capital expenditure or any other matter requiring special resolution. This concentration of ownership also may delay, defer or even prevent a change in control of our Company and may make some transactions more difficult or impossible without the support of these stockholders. The interests of our Promoters and the members of the Promoter Group could conflict with our interests or the interests of our other shareholders. We cannot assure you that the Promoters or the members of the Promoter Group will act to resolve any conflict of interest in our favour and any such conflict may adversely affect our ability to execute our business strategy or to operate our business. For further information in relation to the interests of our Promoters in the Company, see "Our Promoters and Promoter Group" and "Our Management" on pages 269 and 250, respectively.

44. Technological failures could disrupt our operations and adversely affect our business operations and financial

45. Any variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus shall be subject to certain compliance requirements, including prior approval of the shareholders of our Company.

We propose to utilize the Net Proceeds towards (i) Prepayment and/or repayment, in full or in part, of all or a portion of certain outstanding borrowings availed by our Company; (ii) Funding the capital expenditure requirements of our Company towards (b) purchasing and setting up of new machinery for expansion at our Tammie Hanson; and (b) purchasing and setting up of new machinery at Unit 2 in Chakan, Pune in Maharashtra; (iii) Funding the capital expenditure requirements of our Company towards purchasing and setting up of a rooftop solar power plant for power generation at our Tammie Hanson; and (iv) general corporate purposes. For further details of the proposed objects of the Offer, see "Objects of the Offer" on page 106. Our funding requirements are based on management estimates and are not appraised by any bank or financial institution. The deployment of the Net Proceeds will be at the discretion of our Board. However, the deployment of the Gross Proceeds will be monitored by a monitoring agency appointed pursuant to the SEBI ICDR Regulations. Further, we cannot determine with any certainty if we would require the Net Proceeds to meet another expenditure or fund any exigencies arising out of the competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with the Companies Act, 2013 and the SEBI ICDR Regulations, we cannot undertake variation in the utilization of the Net Proceeds as disclosed in this Red Herring Prospectus without obtaining the approval of the Shareholders through a special resolution. In the event of any such circumstances that require us to vary the disclosed utilization of the Net Proceeds, we may not be able to obtain the approval of the Shareholders in a timely manner, or at all. Any delay or inability in obtaining such approval of the Shareholders may adversely affect our business or operations. Further, our Promoters would be required to provide an exit opportunity to the shareholders of our Company who do not agree with our proposal to modify the objects of the Offer, at a price and manner as prescribed by SEBI.

Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders of our Company may deter our Promoters from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that our Promoters of our Company if applicable, will have adequate resources at their disposal at all times to enable them to provide an exit opportunity.

In light of these factors, we may not be able to vary the objects of the Offer to use any unutilized proceeds of the Fresh Issue, if any, even if such variation is in the interest of our Company. This may restrict our Company's ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, which may adversely affect our business, financial conditions, cash flows and results of operations.

46. We may be susceptible to liabilities arising from violation of applicable anti-bribery and anti-corruption laws.

We are subject to anti-corruption and anti-bribery laws that prohibit improper payments or offers of improper payments to governments and their officials and political parties for the purpose of obtaining or retaining business or securing an verify these details in the absence of primary documentary evidence. Further, there can be no assurances that they will be able to trace the relevant documents pertaining to their educational qualifications in the future, or at all. Therefore, we cannot assure you that all or any of the information relating to his educational qualification included in "Our Management" on page 250 is complete, true and accurate.

49. Our Company will not receive any proceeds from the Offer for Sale. Our Promoter Selling Shareholders will receive the proceeds from the Offer for Sale.

The Offer comprises of a Fresh Issue and an Offer for Sale by the Promoter Selling Shareholders. Our Promoter Selling Shareholders shall be entitled to the entire proceeds from the Offer for Sale (net of their respective portion of the Offer-related expenses) and we will not receive any proceeds from the Offer for Sale. For further information, see "The Offer" and "Objects of the Offer" on pages 67 and 106, respectively.

Book Building Process

Book building, in the context of the Offer, refers to the process of collection of Bids from Bidders on the basis of this Red Herring Prospectus and the Bid cum Application Forms and the Revision Forms within the Price Band. The Price Band and the minimum Bid Lot will be decided by our Company, in consultation with the BRLMs, and will be advertised in all editions of Financial Express (a widely circulated English national daily newspaper), all editions of Jansatta (a widely circulated Hindi national daily newspaper) and Pune edition of Loksatta (a widely circulated Marathi newspaper, Marathi being the regional language of Maharashtra, where our Registered Office is located), at least two Working Days prior to the Bid/Offer Opening Date and shall be made available to the Stock Exchanges for the purposes of uploading on their respective websites. Pursuant to the Book Building Process, the Offer Price shall be determined by our Company, in consultation with the BRLMs, after the Bid/Offer Closing Date. For details, see “Offer Procedure” on page 420.

All Bidders other than Anchor Investors shall only participate through the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or in the case of Daniel Wagner, by using the UPI Mechanism. In addition to this, the Retail Individual Investors shall participate through the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or by using the UPI Mechanism. Non-Institutional Investors with an application size of up to ■0.50 million shall use the UPI Mechanism and shall also provide their UPI ID in the Bid cum Application Form submitted with Syndicate Members, Registered Brokers, Collecting Depository Participants and Registrar and Angie Henderson. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Investors can revise their Bids during the Bid/ Offer Period and withdraw their Bids until the Bid/ Offer Closing Date. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bidding Date. Allocation to QIBs (other than Anchor Investors) will be on a proportionate basis while allocation to Anchor Investors will be on a discretionary basis, of which 40% shall be reserved in the following manner (i) 33.33% of the Anchor Investor Portion shall be reserved for domestic Mutual Funds; and (ii) 6.67% of the Anchor Investor Portion shall be reserved for Life Insurance Companies and Pension Funds, subject to valid Bids being received from domestic Mutual Funds, Life Insurance Companies and Pension Funds, as applicable, at or above the Anchor Investor Allocation Price. Any under-subscription in the Life Insurance Companies and Pension Funds category specified in (ii) above may be allocated to domestic Noah Rhodes, in accordance with the SEBI ICDR Regulations.

For further details, see “Terms of the Offer” and “Offer Procedure” on pages 411 and 420, respectively.

Our Company will comply with the SEBI ICDR Regulations and any other directions issued by SEBI in relation to this Offer. Each of the Promoter Selling Shareholders has, severally and not jointly, specifically confirmed that it will comply with the SEBI ICDR Regulations and any other directions issued by SEBI, as applicable to it, in relation to its portion of the Offered Shares. In this regard, our Company and the Promoter Selling Shareholders
